

Housing Choice Connect

Advantages of New Application

HOUSING AUTHORITY OF NEW ORLEANS

Information Technology Department

HOUSING CHOICE CONNECT

1 Purpose

The purpose of the Housing Choice Connect program is to allow HCVP voucher holders and participating landlords to easily search through or add rental properties without reviewing an extensive list.

2 Benefits in Comparison to Old Housing Choice Connect

2.1 Both Tenants and Landlords

- ✓ Register through the web application without contacting HANO
- ✓ User their email address for login as opposed to Elite ID

2.2 Tenants

- ✓ Search property listings based on neighborhoods, zip codes and other filters
- ✓ View property detailed information and location via Google map API
- ✓ Dashboard for easy access to tutorials, personal administration and HANO support

2.3 Landlords

- ✓ Dashboard for easy access to manage active, inactive and proximity rental listings
- ✓ Google Map API can easily locate property without a landlord having to provide latitude and longitude coordinates
- ✓ Software provides information on the number of views per property
- ✓ Easily manage their personal information and access to HANO landlord documents

2.4 Admin (New Feature)

- ✓ Dashboard to manage tenants and landlords
- ✓ Ability to manage landlords active, inactive and proximity rental listings
- ✓ Immediate updates on users' logins
