Housing Choice Connect

## Landlord

Registration

Landlords can register for Housing Choice Connect at www.hano.org/Housing-ChoiceConnect/ by completing the Sign Up form with a valid email address. Once completed a landlord can begin to list properties for HCVP holders to view.

List Property

Once logged in landlords can list properties by clicking the *Add NEW Property* link on the blue header next to their name.

Complete the *Property Listing* form by answering all required questions and click *Add NEW Property* to list the home.

Properties will remain on the listings for 60 days or you can inactivate a property to prevent it from being permanently deleted.
